**What does “glamour” really mean?** When we think about the word, we associate it with elegance, extravagance and beauty. Dazzling movie stars and flamboyant fashionistas, red lipstick and sparkling diamonds also come to mind. Overt glamour is easy to identify, but subtle opulence can be just as captivating, especially when translated to your home decor. This month’s special report examines two very different icons of glamour, as well as the products that will bring its essence into your home.

**豪華魅力對我們來說意義為何？**字面上會聯想到優雅、奢侈和美態：電影明星、艷麗的時裝達人、一抹紅唇和閃爍鑽石。明顯的奢華當然叫人一眼看出，但低調豪華卻能同樣引人注目，特別是當你將之融入室內裝潢中。本月特別報告探索兩種風格各異的豪華魅力。
